Studenti di Dottorato

C Ganini,
Medici Specializzandi

M Bocchiola,
Borsisti e Assegnisti

R Bottinelli,
Pro Rettore alla Ricerca,
Universita' di Pavia

Universities across the world have built over the years Graduate Unions/Councils that endeavour to offer young members of the University the opportunity to meet, exchange research ideas and proposals, organise social events and network with equivalent bodies at other Institutions

This proposal is for creating a Graduate Union at the University of Pavia along the above lines and for enabling the PhD students, research-minded medical trainees and post-doctoral fellows at Pavia to take centre stage in the life and work of this University

7 October 2016
College Lecture Theatre
6.00 pm
